

Questions received before TOM

Mapping

1. Can you please clarify the meaning of small black isolated dots?

They do not present real size and places of small stones. There are some small separate stones in this area.

2. What are mapping dimensions of three different sizes of dots used for map boulders? And what sizes and height of the feature they correspond?

Smallest	0.8mm	- according to standard
Middle	1.07mm	- 0.13 mm smaller compare to standard (1,2mm)
Large	1.33mm	- 0.13 mm bigger compare to standard (1,2mm)

3. What is the meaning of the black oval (p.12 map example)? Is it symbol 206, and if so, does it correspond to symbols' minimal dimensions?

It symbol 206 Gigantic boulder or rock pillar– it is represented in plan shape as is described in map standards. It correspond to minimal dimension.

4. Some symbols of passable rock face (202) are mapped shorter than minimal length of 1.1 mm. Won't it make readability problems for some competitors?

Shorter 0,1 mm. It improve readability.

5. When using gigantic boulder symbol (206), will it always have steep edges, or can competitors expect lower slopes overgrown by grasses and blueberries (like in PRE-WTOC Tempo)?

The majority boulders have steep edges.

6. Are the deviations from the ISSprOM 2019-2 approved by IOF?

No. These changes were discovered on the last moment.

7. May you please provide and example photo of charcoal burning ground as it is not common landform feature?

No. It is totally irrelevant. You maybe find some on the competition maps, but they are outside of any visible distance and they should not be used for solving of any tasks.

8. Starting from what size or height rootstocks are mapped?

It is not defined. They are really prominent and you should recognize them in terrain.

9: Should we expect any human made objects that won't be mapped, e.g. stationary tennis tables?

There are some information boards which are not mapped. Artificial objects are mapped according ISSproM.

10: Size of circles.

6mm – according to rules.

Timed Control procedure

1. Can you please clarify - will marshal repeat every letter separately, i.e. immediately after answer, or all letters after time is stopped?

No, they will not repeat answer. It is change compared to information published in bulletin.

2. Will marshal announce that he/she is writing ‚X‘ into answer card?

N/A

3: Will competitor receive a question „are you ready?“ like in PRE-WTOC TCs, and what are possible answers?

No.
